JOSIAH TURNER, Jr., EDITOR.

PASTORAL LETTER.

The following resolution was adopted by the General Conference with respect to the pastoral address:

"*Resolved*, That the preachers of our Church be, and they are hereby, directed to read the Pastoral Letter of the Bishops to their respective congregations; and that the Book Agent be directed to publish it in tract form, and that we recommend its universal circulation among our members."

To the Members of the Methodist Episcopal Church, South:

DEAR BRETHREN—We have been requested by the General Conference, now in session, to address to you a brief pastoral letter on the subject of worldly and fashionable amusements. The design of this address is to give an earnest deliverance as to the danger to spiritual religion arising from lax views or moral obligation, at this point, and the peril to the soul incurred by any removal of the ancient landmarks which separate the Church of Christ from the spirit of the world. To the thoughtful, religious mind, the tendency of society in the direction of unrestrained indulgence in all forms of sensuous gratification is alarming. Whether this is the result of a reaction in the public mind from restraints necessarily imposed by years of devastating civil war, or of an advancing civilization which ministers mainly to material ends and luxurious tastes, it is certain that the eager rush of Southern society after amusements of one kind and another is one of the startling signs of the time.

We feel assured that a religion of mere forms and dogmas, whatever its boasts may be, cannot arrest this current, or counteract its tendency to ruinous social degradation. Nothing less than a genuine godliness, in the power of its regenerating influence, can meet the necessities of the case. So powerful, indeed, are the fascinations of pleasure, so abounding the iolquity, in high places and low, that "the love of many has waxed cold." Young persons of cultivated mind and elegant manners, who may desire to be sincerely religious, are specially open to danger, from the tone of surrounding fashionable society, and from the plausibilities of the worldly spirit. But the law of *gratification* which rules the world, and offers the present and immediate, is, and ever must be, opposed to the unbending law of *duty* which conscience and God impose. There can be no compromise here. There can be no inward experience of grace, no valid religion of the heart, which is not preceded by a full, unreserved, irrevocable commitment to the Lord Jesus. This commitment devolves self denial—taking up the cross and following Christ. It is the surrender of the will to a supreme governing purpose—of the affections to a supreme governing love. A religion of mere culture, of amiabilities and æsthetic tastes, of sentiment, opinion, and ceremony, may readily allow participation in "diversions which cannot be used in the name of the Lord Jesus"—in dancing and revelling, in theatrical, operatic, and circus exhibitions, in the gambling operations of the turf—not to mention the recently revived excitements of the cock-pit. But the religion which is a divine life in the soul of Christ's true disciple, heeds the voice of conscience, and feels the powers of the world to come. It confers the dignity of holiness, the strength of self denial, the glad freedom of a spirit rejoicing in the Right and Good.

Such a religion needs not, desires not, allows not, participation in worldly pleasures, in diversions which, however sanctioned by fashion, are felt and known to be wrong by every truly awakened heart. Its spiritual discernment is not deceived by well-dressed plausibilities, by refinements in taste or respectabilities in social position. It has "put on the Lord Jesus," and made "no provision for the flesh to fulfill the lusts thereof." The influence of this form of religious character may be silent, but it is none the less potent, in the family, by the fireside, at the watering place or on the broad thoroughfares of business. What the Church *lives*, will alone affect the world.

In conclusion, we beg to suggest that the pastors of the M. E. Church, South, give heed to these things in the administration of discipline. Indulgence in worldly diversions of the class aforementioned, we hold to be inconsistent with the baptismal vows of our members, and with their Church covenant. They have solemnly engaged to "renounce the devil and all his works, the vain pomp and glory of the world, with all covetous desires of the same, and the carnal desires of the flesh, so that they will not follow or be led by them." The Book of Discipline provides not only against crimes and gross immoralities, but there is process laid down for cases of "imprudent conduct, and indulging sinful tempers or words." We are persuaded that where that process is faithfully, firmly, but kindly followed, these growing evils may be arrested.

That you all, beloved brethren, may be blameless and harmless, the children of God without rebuke—lights in the world, holding forth the word of life, is the earnest desire and prayer of your pastors. "Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report, if there be any virtue, and if there be any praise, think on these things." And may the God of peace be with you.

In behalf of the General Conference and the College of Bishops.

R PAINE.

Memphis, May 25, 1870.

AN OIL PRINCE HAULING COAL.—A Rouseville correspondent of the Pittsburg Commercial says:

Johnny Steele, the farmer boy, oil prince, millionaire, but now teamster, is one of the celebrities of this town. As a self made man he is as striking an example as can be found any where. Five or six brief years ago it was estimated that he was worth between two and three millions of dollars; but to-day he is reduced to the necessity of earning an honest living by hauling coal along the streets of Rouseville, and is doubtless a greater blessing to the community than in the days of his prosperity. His case furnishes as apt an illustration of the truth of the old adage, that "riches take unto themselves wings," as can be desired; but unfortunately last life furnished the wings. It is a marked fact that the majority of the old residents who became all of sudden immensely wealthy are to-day sunk in poverty almost as deeply as before they woke up and discovered that they were the possessors of vast wealth.

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - -	Waltham, Mass.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

RALEIGH, June 6th, 1870.

WHEREAS, Official information has been received at this Department, that a vacancy exists in the representation from this State in the Congress of the United States, caused by the resignation of Hon. Now therefore, I, W. W. HOLDEN, Governor of the State of North Carolina, by virtue of authority vested in me by law, do issue this Proclamation, ordering an election to be held in the various counties composing said District, on the first Thursday in August next, for the purpose of filling the unexpired term of the said JOHN T. DEWEESE. It is further ordered, that said election be held in all respects in accordance with existing laws.

CONSERVATIVE COUNTY CONVENTION.

Delegates to the Convention of the Conservative party for Wake county, will bear in mind that next Saturday is the day for meeting in this city for the purpose of nominating candidates for the county offices, and for members of the General Assembly. Let all the township delegates, who can possibly do so, be present, that a full and fair expression of the sentiments of the people may be had.

OUR CANDIDATE.

We put at the head of our columns, today, the name of Hon. Wm. M. Shipp, as the Conservative candidate for the office of Attorney General of North Carolina.

The name of Judge Shipp is familiar throughout the State and honored wherever it is known, and his nomination by the Central and District Executive Committees, will be hailed by the opponents of Radicalism as a tour of strength in the approaching campaign and an augury of success in August next.

We have not formally announced Judge Shipp's name sooner, because he had not signified his acceptance of the nomination until yesterday. The correspondence announcing his acceptance will be published to-morrow. We feel confident of a harmonious endorsement of the nomination by our friends, and the friends of reform throughout the State. Let us all go to work earnestly for the success of the ticket, in connection with the local tickets of counties and districts, and the result cannot be doubtful.

HIT HIM AGAIN.

We append below a set of resolutions passed recently by the County Commissioners of Davidson county, which hit the Governor and his four-year limitation for Penitentiary honors a pretty hard blow.

The Commissioners, it seems, had been informed by the Governor—yes, by the Governor—that the 500 convicts throughout the State, sentenced to the Penitentiary for a less term than four years, are not to be received, but remain in the jails of their counties at the expense of the tax payers.

This regulation seems to corroborate the story that 500 negroes are to be brought here to work on the Penitentiary, in time to vote in the county election in August, in order to carry the county for the Radicals.

We have said before, and we repeat, that the convicts in the Penitentiary throughout the State, whether for more or less than four years, ought to have the sentence carried out according to law and the sentence of the Court. They might be profitably employed by being hired to the contractors, and thus, instead of being a burden to the counties, become a saving to the State.

We can see no objection to this, except that it would obviate the necessity of bringing a voting squad into the county, on the pipe laying plan, for political purposes.

We can see no reason, nor can one be given, why men sentenced for six or twelve months, or two years, cannot do as good work according to their time, as those sentenced for four years and upwards.

We commend the resolutions of the Davidson County Commissioners to the Boards of other counties, and their action in regard to this matter as worthy of invitation. Let them all consider the matter and speak out. The present regulation involves a heavy expense upon the counties that they ought not to be compelled to bear, and the Governor and the Penitentiary Board ought to be constrained, by the force of public opinion, to rescind the unjust and unnecessary order.

At a meeting of the Board of County Commissioners of Davidson county, North Carolina, held on the 8th day of June, A. D. 1870, the following preamble and resolutions were adopted:

WHEREAS, There are now confined in the jail of our county a number of prisoners sentenced to the State Penitentiary for various terms of confinement, ranging from six months to two years.

And whereas further, it has come to our knowledge from the letters addressed to J. A. Sowers, Sheriff of this county, from the Governor of this State and from W. H. Thompson, Deputy Warden of the State Penitentiary, and others, now on file in the office of said Sheriff that the Commissioners of the Penitentiary have utterly refused to receive these prisoners in spite of the efforts of the said Sheriff, upon the ground that they were not sentenced to the said Penitentiary for the space of four years.

And whereas further, The support of such prisoners falls most heavily and unjustly upon the good people of our county by the action of the Commissioners of the Penitentiary in refusing to receive no prisoners sentenced for a period of less than four years; therefore be it

Resolved, That we the Commissioners of Davidson county, North Carolina, do most earnestly protest in the name of the people of said county against this resolve of said Penitentiary Commissioners, and respectfully request them to rescind such resolution at an early day, and by so doing relieve our people of this intolerable burden, and these and similar prisoners be placed where they can be made not only to earn their support, but be a source of revenue to the State, namely, in the State Penitentiary.

THE GOVERNOR'S STANDING ARMY.

The article we copied from the *Standard*, yesterday, announcing the fact that the Governor had taken the initiative step for raising a standing army in the State, is somewhat indefinite as to the number of troops to be raised. The statement that "Major General Willie D. Jones and the other Generals of Divisions in this State," were ordered to commence the work of organizing, is calculated to make the impression that there was to be a regiment in each military division; but the words "to raise a regiment" would imply that only one regiment is to be raised; that is, only one regiment to be "uniformed and placed in all respects as to pay and discipline on the same footing with regular Federal troops."

This language signifies nothing more nor less than that we are to have at least one regiment of regular troops, equipped, uniformed, and paid as a regular standing army. In addition to which all the militia of the State are to be enrolled, from which are to be set apart a *special number* as *minute men*. What that special number is, the article does not inform us. It may be a fourth or a half of the entire body of the militia, which, when added to the regiment of *regulars* will give our little Governor a pretty considerable army at his command.

As to the enrolment and organization of the militia, we have nothing to say. It ought to have been done long ago, especially as we have had in regular pay that piece of ornamental government machinery called an Adjutant General, which, so far as the public can see, has been put to very little use, although the Auditor's report shows that the *pay* has been going on.

But where, in all the Constitution or the statutes of the State, does the Governor get his authority for organizing, equipping, uniforming and paying a standing army?—It seems to us there is some limitation on these proceedings in the Constitution, and though we might give the Governor credit for sufficient prudence to fortify himself with a semblance of law for his proceedings, yet, when we remember that, in other matters, (in the granting of pardons, for instance,) he has gone in the very face of law, we are somewhat inclined to mistrust him on this point.

By what law is he authorized to draw on the Treasury, (even if there were any money in it,) to pay for the uniforms of his standing army, or to meet the monthly payment of their wages? We do not pretend to be fully posted in the legislation of our late General Assembly, but we can find nothing in the Constitution which, under existing circumstances, authorizes the Governor to raise, uniform and pay a standing army, or that would authorize the Legislature to enact a law giving him such power.

There is much in this article of the *Standard*, (which is the only clue we have yet to the Governor's intentions and actions,) that is calculated to excite alarm for the peace of the State as well as contempt for the alleged pretext for all this monstrous ado. But we must take it in broken doses, and give it such comments and criticism as, in our judgment, it deserves.

But there is one feature of the article, (and similar ones have appeared in the Governor's editorials in the *Standard* before) to which we will allude before closing.—His Excellency has certainly seen a ghost, or has had bad dreams, from the bold defiance he hurls at some imaginary antagonist, that, one would be led to suppose, from his language, was always in his path, menacing him!—"The Governor despises their threats—" Whose threats? "and is indifferent to the censures or the frowns of their sympathizer and friends."

It is evident from his use of such language, that he intends to make the impression that his path is daily beset with thugs and assassins, who are daring and defying him to do his duty! If he is really serious in what he says, we think he is unnecessarily frightened. We don't believe any one intends him personal mischief, or that he is in any more danger of bodily harm, than we are, (not so much, indeed.)

He may have received some anonymous threats—they are not uncommon now-a-days. There was one dropped for a prominent gentleman in this city, not long since; and some weeks ago there was a public threat posted up on the trees, in a certain portion of Wake county, to burn all the barns and mills in the neighborhood, in a certain contingency. (This last, indeed has been partially carried into effect.)

We have no idea that any person in the State meditates personal harm against the Governor, but we do believe that there are thousands who supported him before, have become so dissatisfied with his course and his administration, that they are determined to oust him from power, and his organized standing army will not be able to prevent it, when the time for voting comes.

An exchange says "a Belgian was recently hung by mistake in Bruges, and as a slight recompense to his wife the generous hearted government has accorded her free permission to beg."

SOMETHING RICH.

We make the following extracts from a letter written by a gentleman of Washington City, who stands pretty high in the political world, and is neither a Democrat nor Conservative, to a friend in this State, which extracts will, we are confident, be read with unbounded delight by Gov. Holden, Judge Olds and the carpet baggers.—Nothing but a sense of affording this gratification, outside of what we feel ourself, could induce us to lay these extracts before the public. But to the extracts; they will throw some light upon the manner of doing things behind the curtain as well as before it:

"Gov. R. called to see me yesterday afternoon, he thinks the Conservatives will carry Chatham quite easily, and carry the State, by hard fighting.

Dockery has just returned, having been three weeks in his District. He, everywhere, in private and in his public speeches, denounced Holden. He has no doubt of his re-nomination by the Republican Convention, which is to meet at Lumberton the 8th of next month. If that Convention nominates him and adopts a Radical or Holden platform, he will accept the nomination, repudiate the platform and lay down one of his own. I hope the Conservatives will not bring out a candidate against him. It is really of but little importance who is in Congress, but all important that honest men get a majority in the Legislature. There are now from his District, twenty Radicals and four Conservatives in the Legislature. This can be reversed if the Conservatives will give him an open field to fight Holdenism.

Pool, who was President of the recent Republican Convention at Raleigh, has given me a full history of its doings.

He had the sagacity to see that Holden, the carpet baggers and the recent Legislature, were more than any party could carry. He laid his plans to kill off Holden and the carpet baggers and to repudiate the Legislature, and drew up the platform before he left here. Knowing the bitter feeling existing between Holden and the carpet baggers, growing out of Holden's desire to succeed Abbott in the Senate—his plan was to fan the flames, and with the assistance of each against the other, to kill both off.

Abbott wanted to be President of the Convention; Holden wanted a special endorsement of his course in regard to the finances of the State, and that his son-in-law Olds should be nominated for Attorney General. Pool manifested no opposition to Holden's wishes until he was made President of the Convention, for which position all the Holdenites supported him. This still further excited the wrath of the carpet baggers, and Pool found no difficulty in using them to prevent the endorsement of Holden and the nomination of Olds. Pool thinks his management a perfect success, and that with Phillips as the candidate for Attorney General, his party will carry the State by a large majority; but they have many other party troubles to compose.

Todd R. Caldwell, and also Clingman, want to supercede Jones in Congress, from the Mountain District.

Judge, more commonly known as "*Jay bird*," Jones wants to supercede Cobb.

Holden is utterly devoid of principle, cares nothing for the Radical or any other party, only so far as he can use it for his own purposes. Phillips he regards as his most bitter personal enemy, to what extent he will give full support, is yet to be known. The Hatrices and Logans of Rutherford are as bitter against Holden as the Dockerys are. There were no delegates from Richmond or Rutherford at Raleigh."

For the Sentinel.

GRAHAM N. C. June 14th, 1870.

MR. EDITOR:—No doubt you will be very much surprised and none the less pleased to learn that a grand county Republican convention convened here on Tuesday (to-day) for the purpose of nominating county officers and legislators, and were converted almost without an exception to the faith of conservatism and low taxes, under the immediate offices of Gen. Leach, the eminent Congressional standard bearer of the Conservative and law abiding citizens of this district. He preached from the text of "*high taxes*, corruption and fraud in high places, and the degradation and utter bankruptcy of North Carolina."—The music for the occasion was not selected from the brilliant productions of Mozart, but from the sad and melancholy dirges of the Honorable Auditor's report, recently extant.

There may be some speculation as to how it was that Gen. Leach had a hearing. I'll tell you. He asked that the time might be divided with him by Messrs. Phillips, Scott, Welker, Smith and others, who were present by special invitation to save the country. His very reasonable petition was at first rejected, but when the General with that earnest and irrefutable persuasion that characterizes the man high above all his Radical opponents—declared he would be heard in defence of his country, despite all opposition, his friends of the Radical creed gracefully yielded to his very reasonable request, and in pursuance of their agreement introduced, as General Leach says, "the Ajax and Hercules of the Republican party," to wit, the Hon. Samuel F. Phillips, who entertained the audience for more than two hours, with a very forcible and effective speech, as his friends said, until the General occupied the floor in reply, when their countenances fell from blood heat to some considerable degree below zero. I do not say it in any unkind feelings to Mr. Phillips, but I do think that he was the worst used up man I ever saw. My sympathy was really excited for him, and I deplored the fact that as an highly cultivated and sought to be sensible man as Mr. Phillips should have ever espoused the cause of any party, with whose record he seems to be so ignorant and unfamiliar as that of the Republican party. Gen. Leach told more about the Radical party in five minutes than Mr. Phillips did in his two hours of long and labored argument. Leach talked from figures and solid, stubborn facts, and made a speech that reflected credit and honor upon his party, and a merited distinction upon himself.

He will blow the bugle horn in this District, and roll up a majority for the good people that will make Radicalism quake and shake in its very foundations.

He is indefatigable and invincible, he knows he's right, and dares maintain it, and has the entire support of Conservative element in this district, composed of all classes and colors, "without any regard to race or previous condition." I understand that he will be in Greensboro' next week to make another good speech, may the time speedily come, when through his instrumentality Radicalism in this District at least, may be once and forever annihilated and destroyed.

PEACE.

Cain, a negro member of the SouthCarolina Senate, has issued an earnest appeal to the Radicals to "purge out the thieves and robbers who infest the party in that State." When this purging shall have been done there will be about as much of the party left as there is of a keg of gunpowder into which somebody has thrust a red-hot poker. —*Lynchburg News.*

LOW TAXES—WHAT THE PEOPLE DESIRE OF CONGRESS.

The members of Congress do not seem to understand the wishes of the people.—They infer that because all sorts of burdens were submitted to with cheerfulness and alacrity during the war, they will be borne with patience when they have become entirely unnecessary, and for all coming time.

This is a great error. It is a mistake which will prove fatal to any political party that acts upon it.

We were told at one time that a public debt was a public blessing. This shows the height of madness to which the wildest political theories may be carried. It was like saying that a horse would travel easier and faster, if he carried a very heavy load.

The time has come now when the public taxes must be reduced. Almost the entire system of internal revenue might be advantageously abolished. All the money required for the Government could be raised by excise on half a dozen articles, and by taxes upon imports; and the infinite annoyance arising from the present system of petty taxation upon almost everything would be got rid of.

The expense of collecting the revenue, under the existing plan, amounts to a very large per cent of the amount obtained; and all this expense of collection is a drag upon the industry of the country, doing no more good than the consumption of so much property by fire, except to the great army of office holders whom it supports.

This army of office holders must be reduced in numbers. They eat and consume the substance of the people, and are of no more use than so many horse flies.

No party can long retain the public confidence, or political power, that does not pay heed to the rising voice of the people, demanding a reduction of taxes.

We are on the way back to specie payments. It is a solid, healthful road, but one never easy to travel. At such a time the burdens of unnecessary taxation are felt with increased severity, and the dissatisfaction is rapidly becoming general.

Will the men in power at Washington take warning!—*New York Ledger.*

ADVERTISING AGENCIES.—Among the new businesses which have sprung into existence during the past ten years, and which go far to show the progressive spirit of the age, is that of advertising agencies. While many of them have proved themselves anything but beneficial to the publishers of newspapers, there are honorable exceptions, and among them we take pleasure in putting *first* on the list the firm of Griffin & Hoffman, of Baltimore. These gentlemen have not only proved themselves valuable adjuncts to the newspapers throughout the country, by their strict integrity and attention to business, but a great help to the mercantile community of Baltimore in introducing them to the people of the South through a perfect system of advertising in reliable papers in this section. The houses in Baltimore which have pursued a liberal system of advertising have been handsomely rewarded. The Baltimore *Gazette*, in an article on the subject of advertising, pays a deserved compliment to Messrs. Griffin & Hoffman. Its remarks on the benefits to be derived by the merchants of Baltimore from a liberal system of advertising are admirably adapted to every mercantile community.—*Savannah News.*

As some of the radical journals, says an exchange, are commending General Grant for what they call his efforts to protect the Jews of the old world from insult and outrage it is due to truth and history to recall his own words and conduct in relation to the same ancient race in this country.—General Grant, when in command of the Department of Tennessee, issued an order of expulsion against the Jews, dated Oxford, Mississippi, December 17, 1862, known as "Order No. 11," which reads:

"The Jews as a class violating every regulation of trade established by the Treasury Department, also department orders, are hereby expelled from the Department within twenty-four hours after the receipt of this order by the Post Commanders."

When President Lincoln was applied to by leading Jews of the country to revoke this tyrannical and unjust order he complied. General Grant, however, was not convinced, although he obeyed orders.—He said in reply to the President, "as you have directed me I will rescind the order, but I wish you to distinctly understand that those people are the descendants of those who crucified the Saviour, and from the specimens I have here the race has not improved."

THE ST. THOMAS TREATY.—Denmark, it appears, feels aggrieved at the discourteous indifference with which our Senate has treated the negotiations for the purchase of St. Thomas. As our Executive Department originally proposed the treaty and urged Denmark to consent to it, rather against her wishes than otherwise; and as the people of St. Thomas voted rather enthusiastically in favor of the annexation; and as our government, in view of the dilatoriness of the Senate, asked for and obtained several extensions of the time for exchanging ratifications of the treaty; and as the Senate finally let the date of the last extension go by in seeming ignorance without any action in the matter, we cannot deny that we have been discourteous to a friendly nation and a cordial well wisher, and that it is due to our dignity and to Denmark's wounded sensibilities that we apologize. The fact is that we are somewhat of a boor in the society of the well bred and high born nations anyhow. We are disposed to pay too little attention to the courtesies due at times, as much between nations as between individuals, while, on the other hand, we are also disposed, at times, to truckle too much to other and less friendly nations of high and haughty prestige. Both these faults are inconsistent with the honest republican simplicity that should be ours. We can and ought to be honest and candid in our foreign policy, without being either a boor or a sycophant.—*N. Y. Herald*

A YOUNG LADY SIX DAYS BETWEEN HEAVEN AND EARTH.

Recently the following note was dropped from a balloon high in the air, moving a Southwesterly direction, near Montpelier, Blackford county, Vermont. It was fastened to a loose piece of wood, and iron weighing about one and a half pounds: "Sailed from Toronto, April 26, for New York; met with adverse wind, and by a sudden movement of the balloon, Mr. LaGrange was thrown out. I suppose, as near as I could determine over the Southern part of Michigan. "Not knowing how to manage the ship, it has been tossed to and fro in all directions since he fell out. I am alone, and no earthly power can save me. I drop these lines hoping some human will find them and communicate to my parents the tidings of my melancholy fate. To Heaven I commit my soul. Please send them this note, addressed Ralph Lawrence, Upper Cannada.

Valuable land for sale.

I OFFER FOR SALE, ON REASONABLE terms, the following tracts of land: viz: 1st. A tract lying on Tar River and containing 150 acres. It has on it an excellent mill site, with rock dam, (but part of it down at present) the stones, water wheel, segments, saw &c., &c., remaining and can be repaired with very little cost. It is in a good neighborhood for a mill.

2nd. A tract lying also on Tar River, and Tabb's Creek running through it, containing 300 acres. These lands are naturally rich, high and healthy; and have on them a fine body of bottom land as rich as any in Granville county. They are on the R. & G. R. R., 3 miles from Kittrell's and 5 miles from Franklinton. I will also sell an excellent Cotton Gin, with 50 saws.

EXCELSIOR LIFE INSURANCE CO.,

GENERAL AGENT AND MANAGER.

DR. C. E. JOHNSON, MEDICAL EXAMINER.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, *considerably lower* than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on all the plans of *Mutual* or Stock Companies, extending to policy holders all their really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

For *twelve years*, I have been ready cried in the very popular Company which I had the honor to represent to Stock riders know, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies in this State, who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was procured, *into an Annuity Bond* which provides an *income* to each *for life, or for a series of years as may elected.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitles her to occupy.

PERSONAL.—Hon. Z. B. Vance is in attendance upon the U. S. Circuit Court, now in session in this city.

The Governor can be found at Mrs. H. W. Miller's Boarding House, where he is stopping.

PRETTY GOOD LOOKING, BUT COULDN'T COME IN.—The telegraph announced, two days ago, that the two colored Cadets appointed from the South to West Point, were rejected, one on account of "weak eyes" and the other for some constitutional disability, we forget what. But it matters very little; they don't intend to take in *niggers* there, no how. After all their fuss and parade, and constitutional amendments to get the negro's *vote*, they are as far, (or farther) from granting him his rights as the Southern people are, and the colored people will find this so, after they have tried them a while longer.

ANOTHER SIGN.—Another sign of the rapid progress of improvement in this city, was the breaking ground for the foundation of two large brick stores on the site of the old Planters Hotel, to day; one to be erected by Col. J. N. Bunting, the other by Messrs. Fowle and Moore. These stores will adjoin those heretofore erected on the same lot, and with them form one of the most beautiful and desirable blocks in the city.

When *will* that row of tumble-down wood buildings in front of the Market House, on Fayetteville street, give place to a row of nice new brick stores, creditable both to the owners and to the city?

LITERARY FESTIVALS.—We are indebted to the courtesy of the committees of invitation, for tickets to the Society festivals of the University of Virginia, June 27th and 28th.

BRUTAL OUTRAGE.—George Dollar, a colored lad, some sixteen or seventeen years old, was brought to the city and lodged in jail, yesterday afternoon, for the perpetration of a most brutal outrage on the person of a little white girl, five years old, daughter of a respectable and worthy citizen of the county. At the latest accounts we have, the victim was in a critical condition and suffering intensely.

PASTORAL ADDRESS.—By request of several of our Methodist friends, we give on our first page to day, the Pastoral Letter, ordered by the General Conference to be prepared by the Bishops and read in all Methodist Churches. As far as we are capable of judging, it is eminently scriptural, true to the land-marks of Methodism, and worthy of being read and carefully studied by members of that denomination as well as by all others claiming to be the disciples of Christ.

GREAT REDUCTION IN LADIES' AND CHILDREN'S HATS.—Mrs. Oettinger has just received 300 fine, latest style straw hats, which she is selling at from 75 cents to $1.00.

A Stubborn Fact.

There is scarcely any disease in which purgative medicines are not more or less required, and much suffering might be prevented were they more generally used. No person can feel well while a costive habit of body prevails; it soon generates serious diseases which might have been avoided by a timely use of Cathartic Medicines. For this purpose *DR. TUTT'S VEGETABLE LIVER PILLS* are confidently recommended; they are mild, safe, prompt and uniform in their action. They contain no Mercury. Persons may eat and drink as usual, and they may be taken at any time.

Wheat planters in various sections of the country have begun to harvest.

M. S. Littlefield passed through Wilmington on Sunday on his way to Washington City with a large portion of North Carolina and Florida in his pocket.

The citizens of certain portions of Wilmington have their slumbers disturbed by the vocal performances of impounded dogs.

CUSHIONS.—The article in the *Standard* in reference to the necessity of placing cushions, for the benefit of the young men who frequant the corner of Hargett and Fayetteville streets, is noticed by the parties to whom it refers, and they will state that they agree with the author of said article, it being the pleasure of said young men to sit in a place and watch the in going and out-coming of the young convert to Pepper & Co. The same young men will continue to sit at the corner and would suggest the propriety of the young editor's finding less combustible matter for his local columns. Said young men were raised in the same degree of latitude that he (je) was, and somebody's back might get muddly; because, if one young man raised in Raleigh can muddy a man's back, others of the same town can do the same. More weight on the Miller.

SHOO FLY.

The Huntsville (Ala) *Advocate* reports that the wife of Mr. J. C. Brown, living near Bell Factory, by mistake administered to her mother an over dose of medicine, from the effects of which she died in fifteen or twenty minutes; and that this sad mistake caused so great a shock to Mrs. Brown that she also died at his twenty-four hours after her mother's death.

Want of Vitality.

Sometimes there is a lack of vitality in large and apparently well developed frames. Herculean sinews and muscles are not always indicative of stamina and constitutional vigor in their possessor. Health depends more upon the condition of the stomach, the liver and the bowels, than upon the breadth of the shoulders, or the size of loose levers and pulleys of the system in which strength is supposed to reside. All this grand animal machinery is of itself no protective against sickness and decay. Easy and perfect digestion, regular and healthy secretions, uncontaminated blood, and a regular discharge of the waste matter of the body through the intestines, the kidneys and the pores, are the most potent safeguards against disease, the best guarantees of longevity. *To promote these objects is the great end and purpose of* Hostetter's Stomach Bitters. The ingredients of which the Great Tonic and Alterative is composed are taken solely from the vegetable kingdom and their medicinal virtues are not counterbalanced by the acrid and poisonous elements which exist, more or less, in all the powerful mineral drugs. Sufferers from indigestion, biliousness, intermittent fevers, nervous debility or constipation, not only find immediate relief from the use of this agreeable stimulant and invigorant, but become conscious, as time wears on, of an increase of constitutional elasticity and vital force. Labor and exposure no longer produce the same effect upon them as heretofore, and they feel as if they had acquired a new lease on life, a new reserve of physical and mental energy. This has been the experience of thousands of both sexes, and every day adds to the mass of confirmatory testimony. At this season of the year when the temperature and state of the atmosphere, exercise a powerful depressing influence over the minds and bodies of invalids, Hostetter's Bitters is the only tonic upon which the debilitated can rely for swift and permanent restoration.

WASHINGTON.

WASHINGTON, June 15.—Revenue to-day $1,250 000.

The Freedmen's Bureau corruption investigation has closed. The Committee will carefully overhaul the evidence, which will probably take the balance of the session. The case closed with a long statement by General Howard.

Admiral Lee succeeds Poor in command of the North Atlantic Squadron.

SENATE.—New York ship owners protest against granting American registration to foreign built ships. Among the protestants are Moses Taylor and Cornelius Vanderbilt. A bill granting land to a Florida Railroad passed. A bill was introduced restraining the North Pacific Railroad from contracting obligations beyond fifty millions. Abolition of the franking privilege was discussed up to recess.

HOUSE.—The currency bill was considered. It is the first, second tenth and eleventh sections of the bill which were lost a few days since and provides, the first, for the issuing of $6,000 000 of National Bank notes; the second, cancels $5,500 000 of three per cent bonds and $500,000 of greenbacks; the third takes 25 000 000 from the States having an excess and distributes it West and South, but not until the $6,976,000 have been issued; the fourth section allows a Bank in a State having an excess to remove to a state in deficiency, taking with it the capital, circulation, &c. An amendment forbidding the cancelation of greenbacks was adopted, 74 to 68. The bill finally, after the rejection of many amendments, passed by a vote of 98 to 81.

The debate on the House on Foreign relations was to-day exciting and more animated than heretofore, especially between Butler of Massachusetts and Logan. The former opposing the declaration of belligerency and the latter advocating it. Bingham offered an amendment to one of the sections which he desired to submit as a substitute. The previous question was seconded, it prevented a new phase of the matter, bringing up the question as unfinished business to-morrow. The House adjourned. No one presumes to guess the result or to-morrow's proceedings. Both sides are growing very strong in their respective positions.

Banks intimated yesterday that Gen. Caleb Cushing wrote a part of the President's Message.

NEW YORK.

NEW YORK, June 15.—Red Cloud speaks to-morrow at Cooper Institute. The Quaker Commission promises Red Cloud the seventeen horses which Cox refused.

CANADA.

OTTAWA, June 15.—Hon. A. Campbell goes to England to lay the whole Fenian business before the Government.

FOREIGN.

LONDON, June 15.—In the Commons last night, Mr. Gladstone, in replying to the motion to revise the Bible, said that the government had carefully considered the question, and thought it better to leave the subject to the ecclesiastical authorities. The revision of the Bible was of dubious utility, tedious and untimely. At length the motion was withdrawn.

Thursday Evening Dispatches.

WASHINGTON.

WASHINGTON, June 16.—HOUSE.—New York and Boston merchants petition for drawback on cotton shipped to China after June 30th. Further petitions for an uniform rate of taxation on tobacco were presented. The bill putting coal on the free list, reported by the Ways and Means Committee, will be considered in Committee of the Whole. Cuba was resumed. Bingham's amendment was adopted by a vote of 103 to 95. The reconstruction Committee had a full meeting for the first time for a long time. It confirmed the action of Tuesday, and a bill will be reported on the first opportunity in the original shape, namely, the Virginia bill with a martial clause, when the previous question will be moved. It will be with the House who her amendments will be allowed. The Judiciary Committee heard further evidence in regard to the attack of Woodis upon Congressman (ex-general) Porter. The main question is whether the House is justified in interfering with the Courts and the amount of sanctity of person which Congressional privileges involve.

The following is the shape in which Cuba was finally disposed of:

Resolved, That the President is hereby authorized to remonstrate against the barbarous manner in which the war in Cuba has been conducted, and if he shall deem it expedient, to solicit the co-operation of other Governments, in such measures as he may deem necessary to secure from both contending parties an observance of the laws of war recognized by all civilized nations.

Hoar has resigned the Attorney Generalship.

OHIO.

CLEVELAND, June 16.—The annual meeting of the Unitarian Conference commenced to-day. The attendance is large and the Conference continues for a week.

PENNSYLVANIA.

PHILADELPHIA, June 16.—A middle aged woman died from a overdose of laudanum under the hands of a dentist, administered to pull a tooth.

The primary Republican elections have been quite stormy, indicating a split in the party. In some instances clubs and chandeliers were broken and contesting parties driven from stands.

FOREIGN.

LONDON, June 16.—Dispatches from Rome have no doubt of the adoption of the infallibity dogma. Abolitionists are urging the government to insist on the emancipation of slaves in Cuba and other Spanish colonies. The statement that the Marquis of Bute intends to return to the Anglican communion is questioned. The *Times* doubts the ease ease of the German-American Bank at Frankfort.

THE EQUITABLE
HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (cash secured), for the year 1869, exceeded that of the second company in rank by more than TWENTY-SEVEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid (dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, invested at six per cent.

UNPRECEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as we l as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. Towers' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis*.

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe* and *brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

ROCKBRIDGE ALUM SPRINGS, VA.

Open May 15th, 1870.

THIS FAVORITE AND CELEBRATED Watering Place is now in complete order for the reception of guests. Important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia. The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, Cystitery. They are also a great value in those affections which are peculiar to the female constitution, and as an appetizer, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provided for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best summer resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, &c., by rail, all in daylight. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and still, and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

Gen'l. S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
